Addendum 1:
Local Area Network Cabling
09-014

1. Section 1.5, Cable types lists Category 5e and Category 6e cables to be used. Are there some schools which use Cat 5e and others that use Cat 6e? If not, then which type would be used for this project? **A: See Section 6 for complete details. Both solutions can be proposed.**
2. Are prints available so that we can get footage details? **See Table Below.**
 - a. AutoCAD files can be found at: <http://www.eps4.com/PISD.zip> (33Mb)
 - b. Sample floor plans with MC's: <http://www.eps4.com/pisdmaps.zip> (5.5Mb)
3. Is there room on existing patch panels for the additional cables that will be pulled to the closets? If not, in order for an apples to apples proposal, how many patch panels should we include in this proposal? **Vendor not responsible. District will supply.**
4. In what way will the APs be terminated in the ceilings? (ie, biscuit jacks, RJ45 crimp connectors, faceplate & box, etc) **faceplate and box**
5. In what way will the projector cables be terminated in the ceilings? (ie, biscuit jacks, RJ45 crimp connectors, faceplate & box, etc) **face plate and box**
6. Will patch cables be required? If so, what length, and quantity? **No**
7. Are j-hook pathways already in place in each of the schools? **Yes**
8. Should we provide a unit price for patch panels, etc.? **Yes, as an option for the district.**

9. Does the projector cable need to be a shielded or unshielded cable or just plenum rated cable? A: See Section 6 for complete details. i.e.; *Commscope/Uniprise 5504 or Ultra Pipe 6ECMP as specified.*
