

**Abilene Independent School District**

**Addendum 1**

**Proposal: WAN (Proposal #016, 11-12)**

**November 23, 2011**

**Listed below are the questions (as submitted to AISD) and answers included in “blue”.**

Q1. It is my understanding that RSC 14 has a WAN (wireless) network via the Regions Consortium. Most of, if not all, the schools in the Region14 district are currently utilizing the RSC 14 network. Is it AISD intention to continue with the RSC 14 Consortium wireless network currently in place or replace the existing Wireless WAN as defined in the RFP?

A1. AISD does not participate in the ESC 14 Wireless WAN.

Q2. Should vendors take into consideration, if the current wireless WAN remains, will the connection for the greater BW just be the main POP and the distribution of BW run over the RSC 14 network.:

A2. AISD does not participate in the ESC 14 Wireless WAN.
